**Health Guarantee**

The seller guarantees this puppy to be of sound health and temperament at the time of this sale. The buyer/owner has 3 Business Days from the date the puppy was purchased to have

the puppy examined by a state licensed veterinarian. Should the puppy be considered to have any physical issue that is considered life threatening by the examining DVM, we will offer a full refund or replacement of a puppy of equal value. This health guarantee does not include internal and external parasites, coccidia, giardia, underbite, overbite, umbilical hernia or other minor illnesses. This refund and puppy replacement are contingent upon a written diagnosis by a licensed DVM and the return of the puppy and AKC/CKC puppy application within 7 business days. All veterinary costs and shipping costs are the responsibility of the owner. This puppy/dog is warranted only for a pet and companion animal and not for breeding, show, etc. The application for registration for this puppy is **LIMITED**.

**Failure to have the puppy examined within 3 business days of purchase or if she is bred within the first year voids all warranties.**

If within one year, if your puppy is ill and diagnosed by a licensed DVM as having a life threatening hereditary or congenital disorder, a written diagnosis by a licensed DVM must be received by the seller. The owner can then return the puppy for a full refund, exchange the puppy for one of equal value, or keep the puppy and Rocky Hill will pay veterinarian costs up to the price of the puppy. In the case of puppy's death, if it is **suspected** to be caused by a congenital or genetic defect before its 1st birthday, an autopsy must be performed at buyer/owner's expense and the cause of death verified by a licensed veterinarian with written documentation before refund, or veterinarian costs can be refunded.

### **Owners Responsibilities**

The buyer/owner agrees to have annual veterinary checkups and follow their veterinarian's recommended schedule of tests, immunizations, heartworm and parasite prevention. Owner will keep puppy save with a yard that is securely fenced or walked regularly. **Putting a puppy/dog on a chain or rope is prohibited!**

Unfortunately, size and coat color as an adult cannot be guaranteed. We provide to the best of our ability an educated estimate based on the sire and dam and the puppies size and characteristics. It can take 3 or more years for a dog to get his final coat.
